# FINDING YOUR GROOVE

---

Are you catering to a more **mature audience**? Do you strive to set your business apart from the rest? Let me set the atmosphere with **forward thinking** music. Imagine you're at an **L.A. fashion show** or a **private event** with **celebrities in New York**. You'll want music that sets the mood, but doesn't take away from the many amazing things your business has to offer. Sometimes that's **putting a spin** on some old favorites, other times its **showcasing new music** keeping things refreshing for your audience.
